Funding Opportunities

AHRQ

- **TITLE:** AHRQ Patient-Centered Outcomes Research (PCOR) Mentored Research Scientist Development Award (K01)  
  *(PA-13-181)*

  **SYNOPSIS:** The primary purpose of the AHRQ PCOR Mentored Research Scientist Development Award (K01) program is to prepare qualified individuals for careers utilizing complex comparative effectiveness research (CER) methods to clinical and health systems PCOR issues, involving stakeholders, as appropriate, in the design, execution, and dissemination of the research.

  **DUE DATE:** Standard Dates.
  **EXPIRATION DATE:** July 13, 2016

- **TITLE:** AHRQ Mentored Clinical Scientist Research Career Development Award (K08)  
  *(PA-13-039)*

  **SYNOPSIS:** The primary purpose of the AHRQ Mentored Clinical Scientist Research Career Development Awards (K08) program is to prepare qualified individuals for careers that have a significant impact on the quality, safety, efficiency, and effectiveness of health care for all Americans. This program represents the continuation of an AHRQ program that provides support and “protected time” to individuals with a clinical doctoral degree for an intensive, supervised research career development experience in health services research. The award can be used both by individuals who propose to newly embark in health services research training and those who had a hiatus in their research careers because of illness or family circumstances. The award is also available to promote research workforce diversity by providing enhanced research career development opportunities.

  **DUE DATE:** Standard Dates.
  **EXPIRATION DATE:** March 13, 2017

- **TITLE:** AHRQ Grants for Health Services Research Dissertation Program (R36)  
  *(PA-15-318)*

  **SYNOPSIS:** This announcement represents the continuation of an AHRQ program that provides support to individuals who are conducting research undertaken as part of an accredited academic program to qualify for a research doctorate degree.

  **DUE DATES:** February 1, May 1, August 1, and November 1 annually, beginning November 1, 2015, by 5:00 PM local time of applicant organization.

  **EXPIRATION DATE:** November 2, 2018

- **TITLE:** AHRQ Patient-Centered Outcomes Research (PCOR) Mentored Clinical Investigator Award (K08)  
  *(PA-13-180)*

  **SYNOPSIS:** The primary purpose of the AHRQ PCOR Mentored Clinical Investigator Award (K08) program is to prepare qualified individuals for careers utilizing complex comparative effectiveness research (CER) methods to clinical and health systems PCOR issues, involving stakeholders, as appropriate, in the design, execution, and dissemination of the research.

  **DUE DATE:** Standard Dates

  **EXPIRATION DATES:** July 13, 2016
American Association of Cancer Research.

NONE

American Cancer Society

- **TITLE: POSTDOCTORAL FELLOWSHIPS**

**SYNOPSIS:** This award is to support the training of researchers who have received a doctoral degree to provide initial funding leading to an independent career in cancer research (including basic, preclinical, clinical, cancer control, psychosocial, behavioral, epidemiology, health services and health policy research). Awards may be for three years with progressive stipends of $48,000, $50,000, and $52,000 per year, plus a $4,000 per year fellowship allowance (an additional $1,500 is added to the fellowship allowance in the last year to attend the ACS Postdoctoral Fellows Symposium or a domestic scientific meeting). Depending on availability of special endowment funds, the Society annually selects one or more of the top-ranked fellowships to be supplemented above the standard stipend.

**DUE DATES:** April 1 and October 15

- **TITLE: MENTORED RESEARCH SCHOLAR GRANT**

**SYNOPSIS:** Provides support for mentored research and training to full-time junior faculty, typically within the initial four years of their first independent appointment. The goal is for these beginning investigators to become independent researchers as either clinician scientists or cancer control and prevention researchers. Awards are for up to five years and for up to $135,000 per year (direct costs), plus 8% allowable indirect costs. A maximum of $10,000 per year for the mentor(s) (regardless of the number of mentors) is included in the $135,000.

**DUE DATES:** April 1 and October 15

Center for Disease and Prevention

- **TITLE: Mentored Research Scientist Development Award (K01)**

**SYNOPSIS:** The purpose of the K01 is to provide support and 75% “protected time” for an intensive, supervised (mentored) career development experience in occupational health and safety research leading to research independence. The goal of the NIOSH Mentored Research Scientist Development Award (K01) is to help ensure the availability of an adequate numbers of highly trained scientists and educators to address occupational safety and health critical issues.

**DUE DATE:** STANDARD DATES

Leukemia and Lymphoma Society

NONE
Multiple Myeloma Research Foundation

- **TITLE:** Research Fellow Awards
  **SYNOPSIS:** Significant advances in our understanding of the pathophysiology and molecular biology involved in multiple myeloma have identified numerous putative molecular targets for therapeutic intervention. The MMRF welcomes proposals on any and all multiple myeloma related topics to the traditional Research Grant Award programs. Applications are accepted from non-profit institutions and universities in the United States and internationally. Program guidelines and applications are available approximately 6-8 weeks prior to the submission deadline.
  **DUE DATE:** April 26, 2016 at 5PM EST

Prevent Cancer Foundation

Susan G. komen

DOD

NIH

- **TITLE:** Ruth L. Kirschstein National Research Service Award (NRSA) Individual Predoctoral MD/PhD or Other Dual-Doctoral Degree Fellowship (Parent F30)
  **(PA-14-150)**
  **SPONSORS:** National Cancer Institute (NCI)
  National Eye Institute (NEI)
  National Heart, Lung, and Blood Institute (NHLBI)
  National Human Genome Research Institute (NHGRI)
  National Institute on Aging (NIA)
  National Institute on Alcohol Abuse and Alcoholism (NIAAA)
  National Institute of Allergy and Infectious Diseases (NIAID)
  National Institute of Arthritis and Musculoskeletal and Skin Diseases (NIAMS)
  National Institute of Biomedical Imaging and Bioengineering (NIBIB)
  Eunice Kennedy Shriver National Institute of Child Health and Human Development (NICHD)
  National Institute on Deafness and Other Communication Disorders (NIDCD)
  National Institute of Dental and Craniofacial Research (NIDCR)
  National Institute of Diabetes and Digestive and Kidney Diseases (NIDDK)
  National Institute on Drug Abuse (NIDA)
  National Institute of Environmental Health Sciences (NIEHS)
  National Institute of General Medical Sciences (NIGMS)
SYNOPSIS: The purpose of the Kirschstein NRSA, dual-doctoral degree, predoctoral fellowship (F30) is to enhance the integrated research and clinical training of promising predoctoral students, who are matriculated in a combined MD/PhD or other dual-doctoral degree training program (e.g. DO/PhD, DDS/PhD, AuD/PhD, DVM/PhD), and who intend careers as physician-scientists or other clinician-scientists. Applicants must propose an integrated research and clinical training plan and a dissertation research project in scientific health-related fields relevant to the missions of the participating NIH Institutes and Centers. The fellowship experience is expected to clearly enhance the individuals’ potential to develop into productive, independent physician-scientists or other clinician-scientists.

DUE DATES: STANDARD TIME
EXPIRATION DATE: January 8, 2017

- TITLE: Ruth L. Kirschstein National Research Service Award (NRSA) Individual Senior Fellowship (Parent F33) (PA-14-151)
  SPONSORS: National Cancer Institute (NCI)
  National Heart, Lung, and Blood Institute (NHLBI)
  National Human Genome Research Institute (NHGRI)
  National Institute on Aging (NIA)
  National Institute on Alcohol Abuse and Alcoholism (NIAAA)
  National Institute of Arthritis and Musculoskeletal and Skin Diseases (NIAMS)
  National Institute of Dental and Craniofacial Research (NIDCR)
  National Institute of Environmental Health Sciences (NIEHS)
  National Institute of General Medical Sciences (NIGMS)
  National Institute of Nursing Research (NINR)
  SYNOPSIS: The National Institutes of Health (NIH) awards senior individual research training fellowships to experienced scientists who wish to make major changes in the direction of their research careers or who wish to broaden their scientific background by acquiring new research capabilities as independent investigators in research fields relevant to the missions of participating NIH Institutes and Centers.
  DUE DATES: STANDARD TIME
  EXPIRATION DATE: January 8, 2017

- TITLE: Ruth L. Kirschstein National Research Service Award (NRSA) Individual Postdoctoral Fellowship (Parent F32) (PA-14-149)
  SPONSORS: National Cancer Institute (NCI)
  National Eye Institute (NEI)
  National Heart, Lung, and Blood Institute (NHLBI)
  National Human Genome Research Institute (NHGRI)
  National Institute on Aging (NIA)
  National Institute on Alcohol Abuse and Alcoholism (NIAAA)
  National Institute of Allergy and Infectious Diseases (NIAID)
  National Institute of Arthritis and Musculoskeletal and Skin Diseases (NIAMS)
  National Institute of Biomedical Imaging and Bioengineering (NIBIB)
  Eunice Kennedy Shriver National Institute of Child Health and Human Development (NICHD)
  National Institute on Deafness and Other Communication Disorders (NIDCD)
  National Institute of Dental and Craniofacial Research (NIDCR)
  National Institute of Diabetes and Digestive and Kidney Diseases (NIDDK)
National Institute on Drug Abuse (NIDA)
National Institute of Environmental Health Sciences (NIEHS)
National Institute of General Medical Sciences (NIGMS)
National Institute of Mental Health (NIMH)
National Institute of Neurological Disorders and Stroke (NINDS)
National Institute of Nursing Research (NINR)
National Center for Complementary and Integrative Health (NCCIH)

SYNOPSIS: The purpose of the Kirschstein NRSA postdoctoral fellowship is to enhance the research training of promising postdoctoral candidates who have the potential to become productive, independent investigators in scientific health-related research fields relevant to the missions of the participating NIH Institutes and Centers.

DUE DATES: STANDARD TIME
EXPIRATION DATE: January 8, 2017

- TITLE: Ruth L. Kirschstein National Research Service Award Individual Predoctoral Fellowship to Promote Diversity in Health-Related Research (Parent F31 - Diversity) (PA-14-148)

SPONSORS: National Cancer Institute (NCI)
National Eye Institute (NEI)
National Heart, Lung, and Blood Institute (NHLBI)
National Human Genome Research Institute (NHGRI)
National Institute on Aging (NIA)
National Institute on Alcohol Abuse and Alcoholism (NIAAA)
National Institute of Allergy and Infectious Diseases (NIAID)
National Institute of Arthritis and Musculoskeletal and Skin Diseases (NIAMS)
National Institute of Biomedical Imaging and Bioengineering (NIBIB)
Eunice Kennedy Shriver National Institute of Child Health and Human Development (NICHD)
National Institute on Deafness and Other Communication Disorders (NIDCD)
National Institute of Dental and Craniofacial Research (NIDCR)
National Institute of Diabetes and Digestive and Kidney Diseases (NIDDK)
National Institute on Drug Abuse (NIDA)
National Institute of Environmental Health Sciences (NIEHS)
National Institute of General Medical Sciences (NIGMS)
National Institute of Mental Health (NIMH)
National Institute of Neurological Disorders and Stroke (NINDS)
National Institute of Nursing Research (NINR)
National Institute on Minority Health and Health Disparities (NIMHD)
National Library of Medicine (NLM)
National Center for Complementary and Integrative Health (NCCIH)
Division of Program Coordination, Planning and Strategic Initiatives, Office of Research Infrastructure Programs (ORIP)

SYNOPSIS: The purpose of this Kirschstein-NRSA predoctoral fellowship (F31) award is to enhance the diversity of the health-related research workforce by supporting the research training of predoctoral students from population groups that have been shown to be underrepresented in the biomedical, behavioral, or clinical research workforce. Such individuals include those from underrepresented racial and ethnic groups, those with disabilities, and those from disadvantaged backgrounds. Through this award program, promising predoctoral students will obtain individualized, mentored research training from outstanding faculty sponsors while conducting well-defined research projects in scientific health-related fields relevant to the missions of the participating NIH Institutes and Centers. The proposed mentored research training is expected to clearly enhance the individual's potential to develop into a productive, independent research scientist.

DUE DATES: STANDARD TIME
EXPIRATION DATE: January 8, 2017

- TITLE:
NIMH Administrative Supplement Program to Enable Continuity of Research Experiences of MD/PhDs during Clinical Training (Admin Supp)

SPONSORS: National Institute of Mental Health (NIMH)

SYNOPSIS: The purpose of the NIMH Administrative Supplement Program to Enable Continuity of Research Experiences of MD/PhDs during Clinical Training is to support advanced research opportunities for exceptional individuals holding the MD/PhD degree who are early in their research careers and thereby help these individuals transition efficiently and effectively from the period of clinical training to the next stage of their research careers. This administrative supplement program will provide focused, protected research time for eligible individuals during residency and/or clinical fellowship. The proposed research experience must have the potential to contribute significantly to the candidate’s research career.

Administrative supplements must support work within the scope of the original project. All applicants are encouraged to discuss potential requests with the NIMH prior to submission (see Section VII. Agency Contacts).

DUE DATES: NIMH accepts and reviews applications on a continuous basis until April 1 of each fiscal year. Applications received after April 1 will be considered for funding in the next fiscal year. Earlier submission is strongly encouraged.

Applications for FY 15 funds should be submitted no later than April 1, 2015 by 5:00 pm.

Applications for FY 16 funds should be submitted no later than April 1, 2016.

Applications for FY 17 funds should be submitted no later than April 1, 2017.

Applicants are encouraged to apply early to allow adequate time to make any corrections to errors found in the application during the submission process by the due date.

EXPIRATION DATES: April 2, 2017

• TITLE: Midcareer Investigator Award in Patient-Oriented Research (Parent K24)

SPONSORS: National Cancer Institute (NCI)
National Heart, Lung, and Blood Institute (NHLBI)
National Institute on Aging (NIA)
National Institute on Alcohol Abuse and Alcoholism (NIAAA)
National Institute of Allergy and Infectious Diseases (NIAID)
National Institute of Arthritis and Musculoskeletal and Skin Diseases (NIAMS)

Eunice Kennedy Shriver National Institute of Child Health and Human Development (NICHD)
National Institute on Deafness and Other Communication Disorders (NIDCD)
National Institute of Diabetes and Digestive and Kidney Diseases (NIDDK)
National Institute on Drug Abuse (NIDA)
National Institute of Environmental Health Sciences (NIEHS)
National Institute of Mental Health (NIMH)
National Institute of Neurological Disorders and Stroke (NINDS)
National Institute of Nursing Research (NINR)
National Center for Complementary and Integrative Health (NCCIH)
Office of Behavioral and Social Sciences Research (OBSSR)
Office of Dietary Supplements (ODS)

SYNOPSIS: The purpose of the NIH Midcareer Investigator Award in Patient-Oriented Research (K24) is to provide support to mid-career health-professional doctorates or equivalent who are typically at the Associate Professor level or the equivalent (see Section III. Eligible Individuals) for protected time to devote to patient-oriented research (POR) and to act as research mentors primarily for clinical residents, clinical fellows and/or junior clinical faculty. Prospective candidates are encouraged to contact the relevant NIH staff for IC-specific programmatic and budgetary information: Table of IC-Specific Information, Requirements and Staff Contacts.

DUE DATES: STANDARD DATES

EXPIRATION DATES: January 8, 2017
- **TITLE:** NCI Mentored Research Scientist Development Award to Promote Diversity (K01) ([PAR-15-064])
  **SYNOPSIS:** The purpose of the NCI Mentored Research Scientist Development Award (K01) is to enhance the diversity of the NCI-funded cancer research workforce by supporting eligible individuals from groups that have been shown to be underrepresented in the biomedical, behavioral, social and clinical sciences. This FOA provides salary and research support for a sustained period of "protected time" for intensive research career development under the guidance of an experienced mentor, or sponsor. The Diversity Training Branch (DTB) of the Center to Reduce Cancer Health Disparities (CRCHD), at the National Cancer Institute (NCI), invites career development award applications (K01) from individuals from backgrounds that have been shown to be underrepresented in health-related science
  **DUE DATES:** STANDARD DATES
  **EXPIRATION DATE:** January 8, 2018

- **TITLE:** Cancer Prevention, Control, Behavioral Sciences, and Population Sciences Career Development Award (K07) ([PAR-15-033])
  **SYNOPSIS:** The purpose of the Cancer Prevention, Control, Behavioral Sciences, and Population Sciences Career Development Award (K07) is to support the career development of junior investigators with research or health professional doctoral degrees who want to become cancer-focused academic researchers in cancer prevention, cancer control, or the behavioral or population sciences.
  **DUE DATES:** STANDARD DATES
  **EXPIRATION DATE:** January 8, 2018

- **TITLE:** NCI Transition Career Development Award to Promote Diversity (K22) ([PAR-15-063])
  **SYNOPSIS:** The Diversity Training Branch (DTB), the Center to Reduce Cancer Health Disparities (CRCHD) (http://crchd.cancer.gov/) invites applications from recipients of the NCI Mentored Career Development Award to Promote Diversity, or from advanced postdoctoral and/or newly independent research scientists who are from backgrounds underrepresented in biomedical, behavioral, clinical, and/or social sciences. This award provides "protected time" through salary and research support for the initial 3 years of the first independent tenure-track faculty position, or its equivalent. Appropriate K22 applications are expected, but not required, to address problems that are pertinent to cancer health disparities and the biology, etiology, pathogenesis, prevention, diagnosis, control, and/or treatment of human cancer.
  **DUE DATES:** STANDARD DATES
  **EXPIRATION DATE:** January 8, 2018

- **TITLE:** NCI Mentored Clinical Scientist Research Career Development Award to Promote Diversity (K08) ([PAR-15-060])
  **SYNOPSIS:** The purpose of the NCI Mentored Clinical Scientist Career Development Award (K08) program is to prepare individuals for careers that have a significant impact on the health-related research needs of the nation. This program represents the continuation of a long-standing NIH program that provides support and protected time to individuals with a clinical doctoral degree for an intensive, supervised research career development experience in the fields of biomedical and behavioral research, including translational research. The NCI-sponsored K08 award is specifically designed to promote career development of clinical scientists from diverse backgrounds that have been shown to be underrepresented in health-related science and for those who are committed to a career in basic biomedical, behavioral or translational cancer research, including research on cancer health disparities. The expectation is that through this sustained period of research career development
and training, awardees will develop enhanced research capabilities for cancer research careers and be better prepared to compete for research project grants (e.g. R03, R21, or R01) funding.

DUE DATES: STANDARD DATES
EXPIRATION DATE: January 8, 2018

- **TITLE:** The NCI Transition Career Development Award (K22)
  (PAR-15-056)
  **SYNOPSIS:** This Funding Opportunity Announcement (FOA) represents the continuation of an NCI program to facilitate the transition of investigators in mentored, non-independent cancer research positions to independent faculty cancer research positions. This goal is achieved by providing protected time through salary and research support for the initial 3 years of the first independent tenure-track faculty position, or its equivalent, beginning at the time when the candidate starts a tenure-track faculty position.

DUE DATES: STANDARD DATES
EXPIRATION DATE: November 13, 2017

- **TITLE:** NCI Mentored Patient-Oriented Research Career Development Award to Promote Diversity (K23)
  (PAR-15-062)
  **SYNOPSIS:** The NCI's Diversity Training Branch (DTB) and the Center to Reduce Cancer Health Disparities (CRCHD) announce the availability of the "Mentored Patient-Oriented Research Award to Promote Diversity" for career development of individuals with a health professional doctoral degree from groups currently underrepresented on a national level in the biomedical, clinical, behavioral, and social sciences. The NCI recognizes a unique and compelling need to promote diversity in the patient-oriented research workforce.

DUE DATES: STANDARD DATES
EXPIRATION DATE: January 8, 2018

- **TITLE:** Mentored Career Development Award to Promote Faculty Diversity in Biomedical Research (K01)
  (RFA-HL-16-006)
  **SYNOPSIS:** This Funding Opportunity Announcement (FOA) invites applications to enhance the pool of highly trained investigators from diverse backgrounds underrepresented in research. It is targeted toward individuals whose basic, clinical, and translational research interests are grounded in the advanced methods and experimental approaches needed to solve problems related to cardiovascular, pulmonary, and hematologic diseases and sleep disorders in the general and health disparities populations. This FOA invites applications from Institutions with eligible faculty members to undertake special study and supervised research under a mentor who is an accomplished investigator in the research area proposed and has experience in developing independent investigators.

  **DUE DATE:** February 19, 2015 per issuance of NOT-OD-15-057. (Original Expiration Date: February 18, 2015), October 15, 2015, February 18, 2016, October 15, 2016, February 18, 2017, October 15, 2017, by 5:00 PM local time of applicant organization. All types of non-AIDS applications allowed for this funding opportunity announcement are due on these dates.

  Applicants are encouraged to apply early to allow adequate time to make any corrections to errors found in the application during the submission process by the due date.

  **EXPIRATION DATE:** November 18, 2017
